Datasite Acquire™

The leading buy-side data room

Create your own deal space for acquisitions. Collaborate seamlessly and securely. Steer due diligence, automate processes, and cut deal times by an average of 24 days.

Acquire

Fast setup

Streamline deal preparation. Import your own tracker synced to the index – your seller can upload content into a ready-made structure, and you both keep track of every task.

Seamless collaboration

Let all teams work together in one secure space, where you control all permissions. Link each task to its related documents, free from emails, attachments, and spreadsheets.

Real-time findings

Highlight issues in real time, tracked by priority, so you can take prompt action. Keep all findings in one place and format, each one linked to its underlying documents.

Smart search

Search across the entire project for any text in any format – even images – in 16 languages. Hover over documents for a quick preview.

Versatile dashboards

Customize dashboards for specific users or workstreams. Combine and configure 10+ widgets to monitor progress, run analytics, and track the deal from every angle.

Built-in Q&A

Handle all Q&A in one place, in real time. Set up teams, categories, and approval workflows. Create your own questions, or import from Excel. Then keep secure records.

Anytime, anywhere assistance

Speed your deals, cut costs and risks, and seize success with Datasite Assist. Call on 50+ years of dealmaking expertise, available 24/7/365 in 20+ languages, all at no extra cost. Just tap, type, or talk.

End-to-end security

Security is why dealmakers use Datasite. We protect your data so that you can focus on your deal. Rigorous security standards are embedded at every level: platform, processes, and people.
