Fast setup

Upload files and folders with drag-and-drop, or email them into the project, then edit in bulk. Import folder structures and checklists, or use proven templates.

Opportunity management

Compare potential targets, manage contacts and documents, and monitor your pipeline health all in one place. Then move smoothly into buyer-led due diligence.

Seamless collaboration

Work from one checklist of tasks, using trackers linked to your index. Streamline all Q&A in one place. And keep the deal in your pocket with the Datasite mobile app.

Detailed analytics

Track deal progress from every angle. Measure engagement, monitor team activity, anticipate issues, and triple-check permissions. Automate custom reports.

Powerful AI

Categorize, index, translate, and redact content using AI trained on millions of M&A documents. Automate the hard work, save time, and minimize human errors.

Smart search

Search across your entire project for any text, at any level, in any format – even images and PDFs – to find matching or equivalent terms in 16 languages.

Reliable compliance

Preserve all project data in a searchable, auditable record. Make copies for counterparties, keep materials for future transactions, and enjoy lasting security and compliance.

Anytime, anywhere assistance

Speed your deals, cut costs and risks, and seize success with Datasite Assist. Call on 50+ years of dealmaking expertise, available 24/7/365 in 20+ languages, all at no extra cost. Just tap, type, or talk.

End-to-end security

Security is why dealmakers use Datasite. We protect your data so that you can focus on your deal. Rigorous security standards are embedded at every level: platform, processes, and people.
