Data gathered by Datasite Insights™

“Datasite is very easy to use on both the buy- and sell-side. It really helped us organize and share data across multiple diligence streams.”

Chief Financial Officer

“Being able to redact 40% faster with Datasite vs. our previous manual approach enabled us to hit our go-live deadlines.”

Dimitris Tsatsanis, Deputy Director of M&A,
OTE Group

■ **Sell-side M&A** | Quickly build and launch your data room from the same place. Track deal progress with real-time activity alerts and analytics dashboards. Redact in the data room.

■ **Buy-side M&A** | Conduct diligence your way. Work in your own index. Track team progress and pick user permissions. Surface critical insights with collaborative workflow tools.

■ **Financing** | Gain points with investors and lenders alike by using our expert service team, auto-categorization tool, and search alerts to provide a faster, more efficient experience.

■ **Regulatory communications** | Ensure your most sensitive projects stay confidential. Protect documents with secure folder and user permissions, and our in-app Q&A tracker. Know you're covered with air-tight audit reports.

■ **Post-merger integration** | Improve your integration results by maintaining the data room after deal close. Access, share, and analyze deal documents. Preserve one source of truth.
