

Deal Marketing Challenges

Spending too much time finding the right buyers?
Although deal marketing is a mission-critical aspect of mergers and acquisitions, 60% of investment bankers report the process is inefficient and overly manual.

- Identify All Potential Buyers
- Send Teasers & NDAs
- Distribute CIMs
 - IOI Submitted
- Management Presentation
- LOI Submitted
- Move to Diligence

However, there is a better way...

Transform your deal marketing into a fast, simple, and automated process with Datasite Outreach™. Achieve over 50% time savings and maximize value for clients all in one convenient interface.

Less errors,

less time,

more deals.

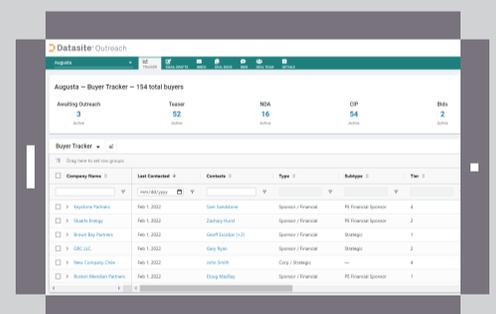

Create buyer lists fast via a central contacts repository that's easily adopted and updated by all parties.

Generate custom email drafts, automatically watermark documents and send to hundreds of potential buyers at once.

One single source of truth for deal tracking, including an excel export that is ready and formatted, in real time.

Streamline and save time with powerful capabilities.
The best part? Now you can finally replace your excel tracker.
